

Welcome to the St. Thomas-Elgin Child Care Registry

Your online application for licensed child care.

Complete and submit an online application to register for any centre affiliated with the Early Learning Centre and/or Elgin Home Child Care.

Once your account has been created, you will need to provide information about you and your family on the application form. The information you provide will be used to suggest child care options. We will contact you when a space becomes available.

Register and Apply for Licensed Child Care Programs

There are two types of regulated early learning and child care programs available with the Early Learning Centre and Elgin Home Child Care licensed with the Ministry of Education. Early Learning centre offers service for infants, toddlers, pre-school and school-aged children, including full-day care, extended hours' care, 24-hour care, weekend care and before and after-school programs. Our licensed Home Child Care offers service to infants, toddlers and pre-school aged children and also offers care for school-aged children before and after regular school hours, and on days when schools are closed, as well as evening and weekend care. We contract individual caregivers who offer child care out of their own home.

Apply for Child Care Subsidy
